We build our menus with few, but core fundamentals. We are driven by the artform of cocktails, letting our curiosity win no matter realities borders.

We thrive to create a bridge between the known and unknown, basing our recipes and approach around local producers, the old modern techniques and fun!

From the crisp Martini to an elegant Margarita or a world of Sours. Please let us know if you are craving a little something something outside of our menu or have any special requests – we are here to experiment!

However, to ensure your safety and enjoyment, please inform us of any allergies, dietary restrictions. Please use the provided ABV% information as a guideline as minor fluctuations may occur.
